

The 3rd HU-TMU-KU Joint Symposium for Pharmaceutical Sciences

Date: September 1st, 2017

Venue: Graduate School of Pharmaceutical Sciences, Kyushu University, Fukuoka, JAPAN

11:00-11:15 (Lecture Room 1)

Opening: Shigehiro Ohdo, Dean, Graduate School of Pharmaceutical Sciences, Kyushu University

11:15-12:30 (Lecture Room 1)

Session 1: Natural Product & Medicinal Chemistry

Chair: Wei-Jan Huang (TMU) and Yosuke Taniguchi (KU)

11:15-11:40 Wei-Jan Huang (TMU)

Discovery of Selective Inhibitors Targeting Histone Deacetylase

11:40-12:05 Mizuki Watanabe (HU)

Development of Conformationally Restricted Peptides and Peptidemimetics Based on the Structural Features of Cyclopropane

12:05-12:30 Go Hirai (KU)

Synthesis of Natural Product Compartments for Finding Their Functions

12:30-13:45

Lunch Break

Luncheon meeting (Meeting Room)

13:45-15:00 (Lecture Room 1)

Session 2: Clinical Pharmacy & Pharmacology

Chair: Wei-Chiao Chang (TMU) and Takeshi Hirota (KU)

13:45-14:10 Wei-Chiao Chang (TMU)

Store-operated Calcium Channel and Human Diseases

14:10-14:35 Hiroshi Takeda (HU)

Orexigenic Action of Rikkunshito and Ghrelin System

14:35-15:00 Satoru Koyanagi (KU)

Translational Research of Chrono-pharmacokinetics

15:15-16:30 (Lecture Room 1)

Session 3: Biochemistry and Analytical Chemistry I

Chair: Chia-Li Han (TMU) and Ken-ichi Yamada (KU)

15:15-15:40 Chia-Li Han (TMU)

Chemotherapy Immunophenoprofiles in Non-Small-Cell Lung Cancer by Personalized Membrane Proteomics

15:40-16:05 Akio Ojida (KU)

Selective and reversible covalent modification of non-catalytic cysteines with weakly reactive α -chlorofluoroacetamides

16:05-16:30 Takayuki Sassa (HU)

Very long-chain fatty acids as barrier lipids

16:45-18:00 (Lecture Room 1)

Session 4: Biochemistry and Analytical Chemistry II

Chair: Jiahorng Liaw (TMU) and Yoshito Abe (KU)

16:45-17:10 Jiahorng Liaw (TMU)

In Vivo Gene / Drug Delivery by Polymeric Micelles

17:10-17:35 Tadashi Nakaya (HU)

A physiological function of FUS

17:35-18:00 Jose M.M. Caaveiro (KU)

Molecular recognition phenomena involving proteins of therapeutic interest

18:00-18:10

Invitation to the next symposium: Yoshihiro Sato, Dean, Graduate School of Pharmaceutical Sciences, Hokkaido University

18:10-18:20

Closing: Chieh-Hsi Wu, Vice President, Taipei Medical University

18:30-20:30

Banquet (Meeting Room)
